

Name, Place, Animal, Thing Game

The judge will be responsible for picking out letters at random and deciding on the winner. The goal of the game is to come up with a name, place, animal and thing from the letter your judge picks at random as fast as you can. The first person to type them into the Zoom chat wins. You will then be awarded points based on the number of players involved in the game. For example, if you have 4 participants playing the game then the first one to finish gets 4 points, the second one gets 3 points and so on.
