#### LIVE in light of the Text

1. When have you been encouraged by the story of someone else's generosity? Share any stories you have of how you have seen God's people provide for the needs of others in amazing ways. Why do you think stories of generosity can encourage us to be more generous?
2. What are habits and things you have implemented or could implement in order to be better prepared and ready to give generously and cheerfully?
3. Our God has blessed us abundantly in the Gospel. And yet, we are often not generous givers. What kinds of things stop us from freely giving generously?
4. Pray together in adoration, confession, and supplication as we seek to be generous givers who point others to the gospel by our obedience.
