### Lesson 15: Paul Confronts: Super Apostles

#### LIVE in Light of the Text

1. Have you encountered deceptive false teaching before? Or have you ever wondered if something you were listening to, watching, or reading was really true? What were some warning signs you saw in the motivations, message, or methods of the teacher/author/pastor?
2. Why do you think false teachers are so successful in leading people astray? In what ways do Satan and his servants masquerade an “angel of light” or “servants of righteousness” in our culture?
3. What are some practical things or spiritual disciplines we can do to help us remain pure and sincerely devoted to Christ? How can we protect each other in this battle as well?
4. Talk through the Adoration / Confession / Supplication pages on page 35, and allow this reflection on the passage to guide your groups’ prayers.
