Lesson 14 - Numbers 25

**1. Sin is crouching at the door**

**2. The wages of sin is death**

**3. God will repay sin**

1) We've seen that sin is able to work its way into the lives of God's people through something that appears attractive. How are you working to ensure that the things that you seek are not leading you into sin?

2) You know that God will repay sin one way or another. How does this free you? Does it constrain you in any way?
