AN INDUCTIVE STUDY OF NUMBERS

## **Apply to Our Story**

1. Is there a particular hazard that you might be susceptible to? How might you recognize the hazards that are a danger to you?
2. How does the example of Reuben, Gad and the  $\frac{1}{2}$  tribe of Mannaseh's response to Moses's harsh answer encourage you to address these hazards?
3. What are some ways that you can ensure you are not discouraging the heart of others? What would you say to someone whose faith is in danger because of others?
4. Is there a particular point in your faith journey that you look back on to help you continue in the faith?
5. How does looking back to what Jesus has done help you to be wholly faithful and avoid the hazards in this life?
6. Spend time thanking our victorious God for the salvation he has accomplished.
