MATTHEW

Apply to Our Story

- 1) In our era, Christians give and speak about their dedication to Jesus on social media. Do you think we can do this well, with the right heart motivations? What questions do you ask yourself before you post about a person or a project you are supporting, or about a social issue that is causing you concern?

- 2) What are the pro's and con's of posting 🙏 on a Facebook / Instagram post or in an email? Would it be better to send a private message to let someone know that you are praying for them, or not? Why?
Do you always pray for people privately, when you tell them that you are?

- 3) What are practical ways that you cope with anxiety when life feels uncertain? Do you feel like you are growing in your ability to trust your heavenly Father?

- 4) Pray for one other!
 - a) Adoration: Praise our Heavenly Father that he sees everything we do in secret and will reward us. None of our efforts or actions go unnoticed!
 - b) Confession: Confess the ways / times in which you seek people's approval rather than God's.
 - c) Supplication: Ask the Lord to help you to run towards his reward and his riches!
