Joel Albert Stauffer was born September 26, 2021. He was lovingly welcomed and immediately embraced by his parents Peter and Janelle, and brothers Reuben, Silas, and Noah. With his radiant smile and infectious joy, Joel brought daily laughter, entertainment and delight.

His adventurous spirit shone, and with three older brothers to keep up to, he worked hard to do everything they were. He loved slides, tractors, walks with mom and bike rides with dad. No family activity was complete without Joel in our arms or his sweet face smiling up at us.

He loved his brothers so much; they shared bath times, dance parties, building blocks and trucks. Joel loved playing with his grandparents, and being with his aunts, uncles and cousins and being surrounded by the chaos of family and friends. We are eagerly awaiting his excited greeting when we arrive in heaven, and until then we will long to hold him in our arms.

Joel did not experience a full life on earth, however he did live life to the full! He lived joyfully and loved deeply. We know this is not Joel's end, but the beginning of his eternal life and we will be with him again.
