GALATIANS

Worship through song and prayer

ADORATION:

- What did we learn in this lesson/passage about Who God is and His relationship with us?
- What did we learn about how Jesus has dealt with the problem of sin?
- What experiences in your own life testify to God's saving power?

CONFESSION:

- What has bewitched you lately and turned you aside from the gospel?
- In what ways are you trying to perfect yourself with your own efforts?
- In what ways have you judged others by a standard of the flesh or law?

SUPPLICATION:

- From this lesson/passage - what does it look like to be a disciple?
- What specifically do you need to pray for in order that you can obey and start looking more like this? (*Faith instead of doubt, rest instead of work, relying on Christ instead of the laws/traditions/your abilities*)
- Are there specific circumstances in your life in which today's message is teaching you? How can we pray for you?
